The third party to whom we pass money may hold it in an omnibus account and it may not be possible to separate it from our money, or the third party's money. In the event of the insolvency or any other analogous proceedings in relation to that third party, we will only have an unsecured claim against the third party on behalf of you and our other Clients, and you will be exposed to the risk that the money received by us from the third party is insufficient to satisfy the claims of you and all other Clients with claims in respect of the relevant account. 7.7 Upon accepting the Client Agreement, the Client authorizes the Company to make any deposits and withdrawals from the Bank Account on its behalf including, without prejudice to the generality of the above, withdrawals for the settlement of all transactions undertaken under the Client Agreement and all amounts which are payable by or on behalf of the Client to the Company or any other person.

You will be required to make further variable payments by way of margin against the purchase price of the Financial Instrument, instead of paying (or receiving) the whole purchase (or sale) price immediately. The movement in the market price of your investment will affect the amount of margin payment you will be required to make. We will monitor your margin requirements on a daily basis and we will inform you as soon as it is reasonably practicable of the amount of any margin payment required under this clause.
